SINGLE USE BAGS

Manufactured by:
Green Belting Industries
www.greenbelting.com

HIGH WELD TEMPERATURE • IMPROVE SEAL • MINIMIZE DOWNTIME • HIGHER THROUGHPUT

Improve seal; reduce waste

Minimize downtime; longer life cycle

Higher throughput; reduce changeovers

Higher weld temperature; improve bag integrity

MEDICAL PACKAGING

Manufacturers of single use bags for improving medical care

Our PTFE products help single use bag manufacturers produce bags with clean, consistent welds minimizing downtime and maximizing cycle life unlike lower quality materials. For more information about Green Belting Industries PTFE products, please contact your Green Belting Industries representative or call our customer service department.
