

Article Safety Information Sheet

This Article Safety Information Sheet is provided as a courtesy in response to a customer request. 310-Super Tough products are defined as articles and exempt for Safety Data Sheet (SDS) provision as in Occupational Safety and Health Administration's Hazard Communication Standard (29 CFR 1910.1200(b)(6)).

1. Identification

Product Identifier:	262-7S Double Sided Fiberglass Tape with Silicone Adhesive Both Sides
Recommended Use:	Industrial masking tape and thermal spray masking tape.
Company Identifier	
Manufacturer:	Green Belting Industries Limited
Address:	381 Ambassador Drive Mississauga ON L5T 2J3 Canada
Telephone:	+1 905 564 6712 (08:30 to 17:00 Eastern Standard Time)
E-mail Address:	DL-CA-SDS-support@ammega.com

2. Hazard Identification

This product is exempt from hazard classification according to OSHA Hazard Communication Standard, 29 CFR 1910.1200

3. Composition/Information on Ingredients

Silicone adhesive
Glass Fiber (fiberglass cloth)
Crepe liner

Do not contain hazardous substances. This information is based on our current knowledge and practical experience. It cannot be excluded that minor traces are included in the materials due to contamination of single raw material components which cannot be avoided from the technical point of view. Routine analyses of our products concerning contents of the above-mentioned components are not carried out. For factors which are beyond our knowledge and control any guarantee and liability cannot be accepted.

4. First Aid Measures

Under normal condition:

Inhalation:	Not a likely route of entry
Skin Contact:	No need for first aid is anticipated
Eye Contact:	No need for first aid is anticipated
If Swallowed:	Not a likely route of entry

Article Safety Information Sheet

5. Fire-fighting Measures

Suitable fire extinguishing media: All types

Fire extinguishing media which are not suitable for safety reasons: None

Crepe liner is combustible, according to the circumstances under which the combustion process occurs, such material may cause fires. When conditions are severe and thermal decomposition is possible, wear full protective clothing, full face mask and protective covering for any exposed areas of the head.

6. Accidental Release Measures

Recommendations in respect of persons: None

Recommendations regarding environment: None

Recommendations for cleaning: None

Additional information: None

7. Handling and Storage

Personal precautions, protective equipment and emergency procedures: None

Environmental precautions: None

Methods and material for containment and cleaning up: None

Store under normal storage environment. Keep from high temperature and humidity.

Further information: None

8. Exposure Controls/Personal Protection

Personal protective equipment: ?

Breathing protection: Not necessary

Hand protection: Not necessary

Eye protection: Not necessary

Body protection: Not necessary

Hygiene recommendation: as usual regarding working place

This product is considered to be an article which does not release or otherwise result in exposure to a hazardous chemical under normal use conditions. No engineering controls or personal protective equipment (PPE) are necessary.

Respiratory Protection: Use appropriate NIOSH-approved respirator if the material is exposed to high temperature, avoid decomposition fumes or dust.

Article Safety Information Sheet

9. Physical and Chemical Properties

Appearance:	Solid adhesive tape	Flammability (solid, gas)	Not classified
Odour:	Slight odour	Vapour Pressure:	Not applicable
pH:	Not applicable	Vapour Density:	Not applicable
Melting Point:	Not data available	Solubility in Water:	Not applicable
Boiling Point:	Not applicable	Autoignition Temperature:	Not applicable
Flash Point:	Not applicable	Viscosity:	Not applicable
Evaporation Rate:	Not applicable	Volatile Organic Compounds:	Not applicable

10. Stability and Reactivity

Reactivity:	No data available
Chemical Stability:	Stable under normal conditions
Possible Hazardous Reactions:	No data available
Conditions to Avoid/ Precautionary Measures:	Keep away from naked flames/heat
Incompatible Materials:	No data available

11. Toxicological Information

When handled under normal condition:

Inhalation:	No health effects are expected
Skin Contact:	No health effects are expected
Eye Contact:	No health effects are expected
Ingestion:	No health effects are expected

When used under thermal spraying, in accordance with the directions for use, wear protective eyewear, face shields, gloves, and respirator.

12. Ecological Information

Toxicity Aquatic toxicity:	No further relevant information available
Persistence and degradability:	No further relevant information available
Bioaccumulative potential:	No further relevant information available
Mobility in soil:	No further relevant information available
Ecotoxic effects:	No data
Other adverse effects:	No further relevant information available

This article is expected to present a low environmental risk either because use and disposal are unlikely to result in a significant release of components to the environment or because those components that may be released are expected to have insignificant environmental impact.

Article Safety Information Sheet

13. Disposal Considerations

Dispose of contents/container in accordance with the local/regional/national/international regulations.

14. Transport Information

Not regulated as a hazardous material/dangerous good for transportation in all modes of transportation (US DOT, ICAO/IATA, IMO).

15. Regulatory Information

Chemical Inventories:

This product is an article as defined by TSCA regulations, and is exempt from TSCA Inventory requirements.

16. Other Information

Revision Date:

10/25/2023

Disclaimer

The information provided in this Article Safety Information Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
