

NEW

290 Series: Foil Family of Tapes

improved conformability • high adhesion • no residue • will not delaminate

Green Belting's 290 Series: Foil Family of Tapes are made with aluminum foil and fiberglass laminate. This specialized tape is highly conformable, releases cleanly from metal surfaces, and leaves clean edge lines. Now available in three thicknesses, the 290 Series was designed by Green Belting Industries to meet all your grit blasting and thermal spray masking needs.

290-7S

- thinnest and most conformable

290-9S

- mid-grade thickness

290-11S

- thickest and most durable
