

NEW

green belting™
310-SUPER TOUGH

Website Technical

Manufactured by:
Green Belting Industries
www.greenbelting.com

IMPROVED THERMAL PROPERTIES • REDUCE MASKING COST • MINIMIZE DEFECTS • INCREASE THROUGHPUT

Reduce masking cost; one layer of tape

Minimize defects; greater abrasion resistance

Increase throughput; less masking time

Improved thermal properties; no adhesive residue

OEM & MRO PLASMA COATING

True single layer masking for coating manufacturers

Our **NEW 310-Super Tough** plasma masking tape helps coating manufacturers who want a better way to mask effectively and efficiently. Use half the amount of tape in half the amount of time while only applying a **single layer** of tape unlike traditional thermal spray masking. For more information about Green Belting Industries masking tapes, please contact your Green Belting Industries representative or call our customer service department.
