

green belting™

THERMAL SPRAY TAPE

EXCEPTIONALLY STRONG • HIGHLY DURABLE • RESISTS ABRASION • HIGH GRIP ADHESIVE • CLEAN REMOVAL • CLEAN EDGES • ENGINE'S HIGH & LOW TEMPERATURES • NON-STICK SILICONE COATING

Website Technical

Manufactured by:
Green Belting Industries
www.greenbelting.com

Lower masking cost; fewer layers of tape

Quick masking time; flexible and conformable

Eliminate repeat masking;
strong adhesion prevents edge-lifting

Less cleanup; no adhesive residue

THERMAL SPRAY JOB SHOPS

Repairs for flight safety

Our masking tapes help thermal spray job shops who want a cost-effective way to pre-mask quickly, effectively, and with confidence by minimizing edge lifting and maximizing conformability for complex part geometries, unlike thicker foil-glass laminated tapes. For more information about Green Belting Industries masking tapes, please contact your Green Belting Industries representative or call our customer service department.
